

REGISTER OF INTERESTS

The Local Academy Council (LAC) must ensure that its members and staff are not involved in activities that might conflict with their role within the school. It is especially important to demonstrate that individuals do not benefit personally from the decisions made by the LAC, unless such decisions are made openly and legitimately. As such, the register of interests must be available on the academy and Trust websites.

This should be updated fully each year and reviewed during the year. It is incumbent upon all LAC members and staff to make the academy aware of any changes during the year.
