1. Introduction

The Freedom of Information Act (FOIA) 2000 provides public access to information held by public authorities. It does this in the following ways:

- Public authorities are obliged to publish certain information about their activities, and
- Members of the public are entitled to request information from public authorities.

Staffordshire University Academies Trust's (SUAT's) Freedom of Information Policy is inclusive of the Guide to Information and Charging Scheme which is based on the ICO's Model Publication Scheme on information available under the Freedom of Information Act 2000.

SUAT adopts the Information Commissioner Office's Model Publication Scheme which sets out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. Information can be requested from an individual Academy or Staffordshire University Academies Trust and is accessible in paper or electronic forms. Some information held may not be made public, for example, personal information, in compliance with the UK GDPR and Data Protection Act 2018. Further detail regarding when SUAT will refuse a request for information under the Freedom of Information Act 2000 is provided in section eight of this policy document.

SUAT's Senior Leadership Team are accountable to the Board of Trustees and are responsible for providing assurance that the requirements of the FOIA are being complied with. Headteachers / Principals are responsible for ensuring compliance in each Academy, and the Local Academy Councils (LACs) should scrutinise the arrangements in academies as part of the assurance process.

2. Aims and Objectives

Each Academy and the Trust aims to:

- Enable every child to fulfil their learning potential, with education that meets the needs of each child.
- Help every child develop the skills, knowledge and personal qualities needed for life and work.

Individuals have the right to request information; SUAT and the Academies have duties to undertake when responding to these requests, which include:

- Informing the applicant whether SUAT / the academies hold any information falling within the scope of their request; and
- To provide that information where it is compliant to do so or where the data is not exempt.

SUAT is committed to openness and transparency, ensuring compliance with the relevant statutory framework by:

- Responding adequately to a request for information;
- Not deliberately withholding information;
- Adopting the model publication scheme, providing the correct information; and by
- Releasing the information that falls within the scope of the request, without undue delay.

The purpose of the Freedom of Information Policy is to ensure that effective procedures and arrangements are in place to manage a request for information to enable SUAT and the Academies to demonstrate compliance with the FOIA and other legal and statutory duties relating to providing public access to information.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section seven of this policy.

The classes of information that we undertake to make available are organised into the following areas, which align to the Model Publication Scheme:

- *Organisational information, locations and contacts, constitutional information*
- *Academy Prospectus and a description of the services we offer*
- *Governors' Documents, LAC Documents*
- *Pupils and Curriculum*
- *SUAT Policies and Procedures*
- *Financial information*
- *Strategy and performance information*
- *Information required by law*

What academies, free schools and colleges should publish online and any requirements relating to the publication of information contained in the latest version of the Academy Trust Handbook are also managed and published in accordance with the designated guidance.

4. How to request information

Individuals have a legal right to ask for access to certain kinds of information held by SUAT / the Academies. They are entitled to be told whether the information is held, and to receive a copy, subject to certain exemptions. The ICO has guidance regarding making FoI requests, which can be found [here](#). ICO guidance should also be followed if there is a need to withhold the information; using the ICO guidance which can be found [here](#).

To make a request for information under the FoIA 2000, from an Academy or the Trust, based on the documents specified within the Publication Scheme, individuals can contact the relevant setting by telephone, email or letter. Contact details are displayed on each Academy's website.

To make a request for information about the Trust, please contact the Trust directly via the contact information displayed on the Trust website – www.suatrust.co.uk.

If the information that individuals may be looking for is not available via the scheme or on the website/s, individuals can still contact the Academy or the Trust to ask if we have it.

The Act does not give people access to their own personal data (information about themselves). If a member of the public or staff wants to access personal information that SUAT / the academies hold about them, they should make a Subject Access Request (SAR) in accordance with the Data Protection Act 2018, as outlined in SUAT's Data Protection Policy. Please also refer to the [ICO guidance](#) regarding the right of access.

Where possible and practical, information will be made available on SUAT's and the Academies' websites. Where it is impracticable to make information available on a website or when an individual does not wish to access the information via the website, individuals should contact the Trust / Academies via the above means to request the information. Any information held that is not published under this scheme can be requested in writing and will be considered in accordance with the provisions of the FoIA.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified in response to a request, further details will be provided and an appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language if there is a legal requirement to do so.

Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

5. Managing a Request

For a request to be valid under the FoIA it must be in writing, but requesters do not have to mention the FoI Act 2000 or direct their request to a designated member of staff. Any letter or email asking for organisational information should be considered as a request for recorded information under the FoI Act 2000.

On receipt of a request within SUAT, the Data Protection Officer (DPO) should be notified. The DPO will liaise with the Data Protection Lead (DPL) / Headteacher / Principal at the Academy or Academies which have data that falls within the scope of the request and consider whether the request requires a local or a central response. This will depend on the nature of the request and whether it relates to local or centrally managed information.

All requests will be acknowledged upon receipt with an indication as to the timescales for responding. All requests will be responded to within the 20 day (school day) statutory time limit and responses will be provided having regard to the procedures and guidance outlined by the Information Commissioner's Office (ICO) Guide to freedom of information. A log will be retained of all requests.

Requests will be managed according to ICO guidance, using the following flow chart - https://ico.org.uk/media/for-organisations/documents/1167/flowchart_of_request_handling_under_foia.pdf

There may be times when requested information cannot be supplied. Whenever a request is refused the requester must be notified and if the requester is unhappy with the outcome, SUAT's Complaints Policy should be followed. Any requests to review the decision and information provided should be made in writing and if, after following the complaints procedure outlined in the Complaints Policy, the requester is still dissatisfied, then they can pursue their concerns directly to the ICO.

Whenever a request is refused the requester should always be informed about their right to complain to the ICO. The ICO has a general duty to investigate complaints from members of the public who believe that an authority has failed to respond correctly to a request for information.

The ICO can be contacted by email at www.ico.org.uk or by writing to: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF, or enquiry/information line: 0303 123 1113.

Staff responsible for managing FoI requests will be aware of FoI Request response processes and this policy document. Staff who have the potential to receive an FoI Request will be made aware of the procedure for referring the request to the designated staff member in their setting, and DPO.

6. Charges for information

Information published on our websites is free, although individuals may incur costs from their Internet service provider. If individuals do not have internet access, they can access our website using a local library or an internet café.

Charges may be made for actual disbursements incurred such as:

- Photocopying
- Postage and packaging
- Costs directly incurred as a result of viewing information

Charges may also be made for information provided under this scheme where they are legally authorised and justified and are in accordance with a published schedule or schedules of fees which is readily available to the public on the ICO website: [ICO Charging for information in a publication scheme.](#)

Single hard copies of information covered by this publication are provided free unless your request means that we have to do a lot of photocopying or printing, pay a postage charge, or is for a priced item such as some printed publications or videos.

Where a charge for providing the information is applicable, we will let you know the cost before fulfilling your request. Charges will be transparent and kept to a minimum. If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment will be requested prior to provision of the information.

8. Declining Requests

The Trust and Academies will publish information under the FoIA 2000 unless:

- We do not hold the information
- The information is exempt under one of the FoI exemptions or EIR exemptions, or its release is prohibited under another statute
- The information is archived, out of date or otherwise inaccessible
- It would be impractical or resource intensive to prepare the material for routine release

A request may be refused under the following circumstances;

- It would cost too much or take too much staff time to deal with the request, which exceeds the cost limit for complying with the request
- The request is vexatious
- The request repeats a previous request from the same person
- Releasing the data would be contrary to the UK General Data Protection Regulation or the Data Protection Act 2018
- Harm would arise or would likely arise from disclosure
- Where an exemption applies.

The public interest test may be applied in such circumstances.

Where a request is refused, the requester will be informed by a written refusal notice from the Academy or the Trust in accordance with who the request was originally made with.

9. Review

We welcome any comments or suggestions you may have about the scheme. If you want to make any comments about the Trust Guide to Information or Publication Scheme, or if you require further assistance or wish to make a complaint then initially this should be addressed to Staffordshire University Academies Trust. Contact information can be found on the SUAT website – www.suatrust.co.uk.
